
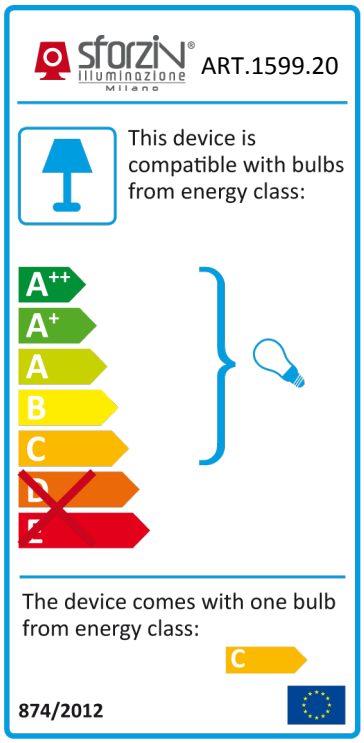
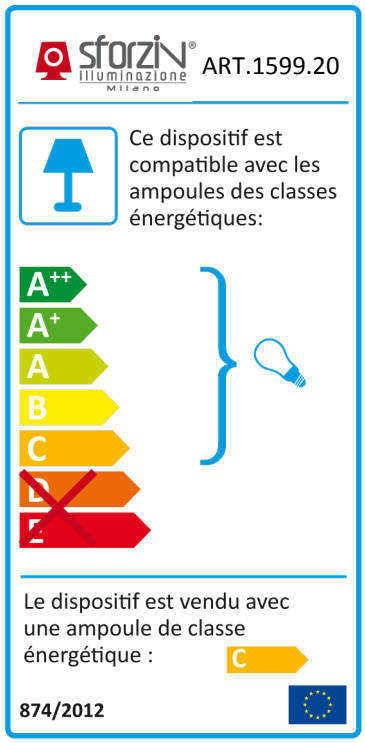
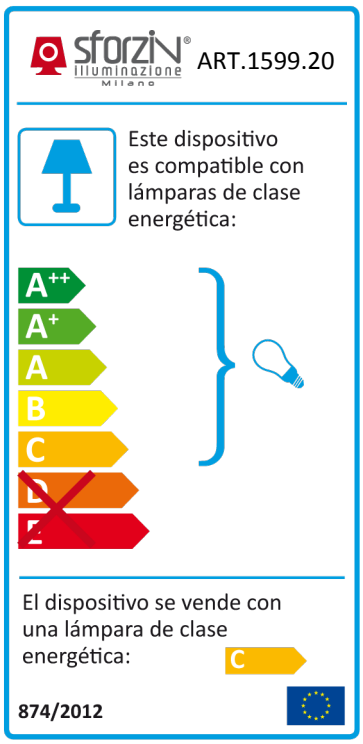
IT
Nel caso in cui l'articolo venga esposto al pubblico, l'etichetta della classe energetica deve essere presentata nella lingua del territorio nazionale in cui viene esposto l'articolo.



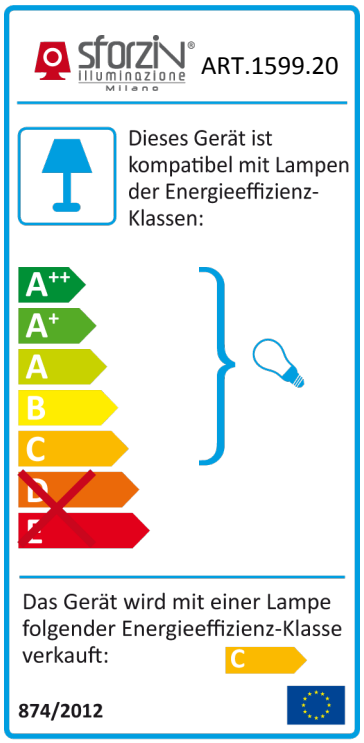
EN
If the item is placed on display, the energy class label must be shown in the language of the country in which the item is being displayed.



FR
Si l'article est exposé au public, l'étiquette de la classe énergétique doit être présentée dans la langue du territoire national où l'article est exposé.



ES
Si el artículo se expone al público, la etiqueta de la clase energética debe ser presentada en el idioma del territorio nacional en el cual se expone el artículo.



DE
Wird der Artikel öffentlich ausgestellt, so muss das Energie-Label in der Sprache des Landes angebracht werden, in dem der Artikel ausgestellt wird.
