

Maestro Dual 14

The Magnifico collection brings together the excellence of traditional materials and the innovation of new technologies to deliver timeless comfort. With one mattress offering four different comfort combinations, it provides versatility to suit individual preferences. The combination of layers such as Mallow, Memoform, Aquabreeze, and Elioform allows for easily customizable comfort by simply removing the mattress cover. The **Airyform design** ensures breathability and provides differentiated support, **allowing air to circulate within the mattress for optimal heat and moisture dissipation**. The padding is crafted from **natural and highly breathable** fibers, while the mattress cover is made from **luxurious satin**. The result is a **Soft to Medium-Soft comfort** level that indulges your senses.

12 years

Dual Core Technology

**A COVER**

Precious **satin fabric** that is soft to the touch and that has undergone a special antibacterial treatment*. (Active ingredients: 1,2-benzisothiazol-3(2H)-one + 2-octyl-2H-isothiazol-3-one)

B PADDING

Precious natural materials: **Winter side in Wool, Cashmere, Memoform, and hypoallergenic fiber** to keep you warm and snug during the winter. **Summer side in Linen, Silk, Memoform, and hypoallergenic fiber** for maximum freshness during the hot summer months. **Hypoallergenic and breathable fiber** that provides a sensation of added comfort while you sleep. **Memoform**, is an **anatomical** material that perfectly adapts to the shape of your body.

C COMFORT LEVEL

The **Dual Core system** gives the **perception of a different comfort level** simply by **flipping the inside of the mattress**. The **box spring** contains inner boards to provide **added support even when you are seated on the edges of the mattress**. Layer in **Mallow (3 cm) with soothing properties**. The **Memoform (3 cm) reacts to the weight of the body to perfectly** adapt to any type of body build, providing a snug sensation of comfort and anatomical support to the whole body. **The Layer in Aquabreeze (3 cm)**, which is flexible and breathable, provides **soft and cozy support**. **Structure with 5 differentiated zones** to provide ideal support to every part of the body.

D BASE SUPPORT

The Layer in Elioform (17 cm) ensures optimal and firm support to the back.
