Dal 1923

Qui in Calligaris, crediamo che i mobili debbano essere sia pratici che belli. Crediamo che il design debba essere combinato all'ingegneria per creare soluzioni innovative. Persino dopo quasi 100 anni, crediamo nello sperimentare con il design e i materiali. Desideriamo solo creare l'articolo perfetto per la tua casa. E sappiamo che ogni casa è diversa, per questo motivo abbiamo moltissimi prodotti tra cui scegliere come sedute, tavoli, letti e persino accessori. In Calligaris, crediamo nella personalizzazione. E crediamo nella qualità. Infatti, tutti i nostri prodotti sono rigorosamente certificati. Crediamo anche nella comodità, ed è questo il motivo per cui ci troverai in tutto il mondo. Ma soprattutto, crediamo nell'importanza di fare casa. Una casa da vivere dove mangiare, dormire, lavorare e giocare.

Since 1923

Here at Calligaris, we believe that furniture should be both practical and beautiful. We believe that design should be combined with engineering to create ingenious solutions. Even after almost 100 years, we still believe in experimenting with design and materials. We just want to create the perfect item for your home. And we know that every home is different so we've got plenty of products to choose from. That includes seats, tables, beds, storage and accessories too. At Calligaris, we believe in customisation. And we believe in quality. In fact, all our products are strictly certified. We believe in convenience too, which is why you'll find us all over the world.
But most of all, we believe in the importance of making a home. A home for living, dining, sleeping, working and playing.

Greenbow

our sustainable agenda

“Non vi promettiamo subito il 100% green in ogni cosa, ma di sicuro il 100% di impegno e trasparenza per dare il nostro contributo ad un futuro sostenibile”.

“We do not promise you that everything will be immediately 100% green, but we promise 100% commitment and transparency to make our contribution to a sustainable future”.

“Greenbow - our sustainable agenda” è un impegno di lungo periodo del Gruppo Calligaris e delle persone che lo compongono, a sviluppare, produrre e distribuire prodotti ecosostenibili integrandoli a un sistema aziendale orientato a ridurre l’impatto ambientale sul Pianeta limitando gli sprechi, i consumi di risorse e le emissioni. Un processo iniziato oltre 15 anni fa che ci ha permesso di ottenere importanti riconoscimenti come la certificazione FSC®, che garantisce la provenienza del legno da fonti gestite in maniera responsabile, e la certificazione ISO 14001.

“Greenbow - our sustainable agenda” is a long-term commitment of the Calligaris Group and the members of its team to develop, manufacture and distribute eco-sustainable products integrating them into a business system aimed at reducing the environmental impact on the Planet by limiting waste, resource consumption and emissions. A process started over 15 years ago that has allowed us to obtain important awards such as the FSC® certification, which guarantees the provenance of wood from sources that are managed responsibly, and the ISO 14001 certification.

Con il programma Greenbow abbiamo voluto strutturare e organizzare le attività aziendali dedicate alla sostenibilità agendo su due fronti: quello del **Prodotto**, per creare arredi sempre più green, pensando alla circolarità e utilizzando materiali naturali e riciclati, e quello del sistema **Azienda**, per un approccio sostenibile allo sviluppo, alla produzione e alla distribuzione dei prodotti.

With the Greenbow program we wanted to structure and organize corporate activities dedicated to sustainability acting on two fronts: the **Product**, to create increasingly green furniture, thinking of circularity and using natural and recycled materials, and the **Company** system, for a sustainable approach to products development, production and distribution.

Il livello di sostenibilità di ogni nostro prodotto è misurato analiticamente da un "indicatore di sviluppo sostenibile" calcolato attraverso una vera e propria formula matematica:

The level of sustainability of each of our products is measured analytically by an "indicator of sustainable development" calculated through a real mathematical formula:

I am green

$$\eta_{sustainability} = \sum_{i=1}^{compounds} x_i \cdot (natural\ mat._i + recycled\ mat._i + circularity_i)$$

Questo indicatore tiene conto della quantità di **materiali naturali** impiegati (come il legno FSC®, il cotone bio e altre fibre naturali), la quantità di **materiali riciclati** (come la plastica post industrial o post consumer e l'esclusivo Eco Stone) e la **"circolarità"** intesa come livello di riciclabilità, facilità di disassemblaggio e durabilità. Tutti i prodotti che attraverso questa formula vengono valutati eco-friendly conquistano il logo arcobaleno **"I am green"**.

This indicator takes into account the amoun of **natural materials** used (such as FSC® wood, organic cotton and other natural fibres), the amount of **recycled materials** (such as post-industrial or post consumer plastic and the exclusive Eco stone) and the **"circularity"** intended as a level of recyclability, ease of disassembly and durability. All products that through this formula are evaluated as eco-friendly win the rainbow logo **"I am green"**.

Ma dietro ogni nostro **prodotto**, ci sono le **persone** che con le loro azioni di tutti giorni permettono il raggiungimento di obiettivi sempre più ambiziosi. Ecco perché il progetto Greenbow non è soltanto un obiettivo strategico, ma diventa la vera e propria forza trainante di ogni nostra attività.

But behind each of our **products**, there are **people** who, with their everyday work, allow the achievement of increasingly ambitious goals. That's why the Greenbow project is not only a strategic goal, but it becomes the driving force behind all our activities.
