# Benvenuti nella Casa Target Point, benvenuti a Casa Vostra

Non esiste un'unica casa ideale, proprio per il concetto stesso che attribuiamo alla parola casa: un rifugio, una fortezza, un nido, un paradiso, un museo.

Ecco perché i nostri prodotti rispettano standard ben specifici: il design piacevole si deve combinare con la funzionalità e il comfort della praticità ad un prezzo accessibile.

Target Point nasce nel 1995 a Tezze sul Brenta tra le provincie di Vicenza, Padova e Treviso, nel cuore di un Veneto operoso e visionario. I primi articoli proposti erano tavolini con top in vetro temperato, a cui sono seguiti i letti in ferro battuto e successivamente, grazie ad un'intuizione dei soci, anche tavoli e sedie, divenuti, sin da subito, il vero core business dall'azienda.

Attraverso un'offerta sempre aggiornata in termini di tendenza e alla ricerca continua dell'alta qualità, da oltre vent'anni vogliamo offrirvi l'esperienza del vivere bene nel posto migliore al mondo, casa vostra. Senza nessun compromesso.

Vuoi conoscerci meglio?

Welcome to Target Point home, welcome to your home

There is not only one single ideal home, precisely because of the very concept that we give to the word home: a refuge, a fortress, a nest, a paradise, a museum.

The house becomes the practical expression of those who live it; this is why our products meet very specific standards: pleasant design must be combined with the functionality and comfort of practicality at an affordable price.

Target Point was founded in 1995 in Tezze sul Brenta, between the provinces of Vicenza, Padua and Treviso, in the heart of an industrious and visionary Venetia. The first items we proposed were coffee tables with tempered glass top, which were followed by iron beds and later tables and chairs, which immediately became the real core business of company.

Through an offer that is always updated in terms of trends and the continuous search for high quality, we want to offer you the experience of living well in the best place in the world, your home, without any compromise.

Want to know us better?

Bienvenus chez Target Point, bienvenus chez vous

Il n'y a pas une seule maison idéale, précisément à cause du concept que nous attribuons au mot maison : un refuge, une forteresse, un nid, un paradis, un musée.

La maison devient l'expression pratique de ceux qui la vivent, voilà pourquoi nos produits répondent à des normes très spécifiques : un design agréable doit être combiné avec la fonctionnalité et le confort de la praticité, à un prix abordable.

Target Point a été fondée en 1995 à Tezze sul Brenta, entre les provinces de Vicenza, Padoue et Trévis, au cœur d'une Vénétie travailleuse et visionnaire. Les premiers articles que nous avons proposés étaient des tables basses avec plateau en verre trempé, suivies par lits en fer et plus tard également de tables et de chaises, qui sont immédiatement devenues le véritable cœur de métier de l'entreprise.

A travers d'une offre toujours mise à jour en termes de tendances et recherche continue de haute qualité, nous voulons vous offrir l'expérience de bien vivre dans le meilleur endroit du monde, votre maison, sans aucun compromis.

Envie de mieux nous connaître ?

Bienvenido a la casa de Target Point, bienvenido a tu casa

No hay solamente una casa ideal, precisamente por el concepto que le damos nosotros a la palabra hogar: un refugio, una fortaleza, un nido, un paraíso, un museo.

La casa se convierte en la expresión práctica de quienes la viven, es por ello que nuestros productos cumplen con unos estándares muy específicos: un diseño agradable debe combinarse con la funcionalidad y comodidad de la practicidad a un precio asequible.

Target Point fue fundada en 1995 en Tezze sul Brenta, entre las provincias de Vicenza, Padua y Treviso, en el corazón de un laborioso y visionario Véneto. Los primeros artículos que propusimos fueron mesas de centro con encimera en cristal templado, a los que siguieron las camas de hierro y más tarde también mesas y sillas, que de inmediato se convirtieron en la propuesta principal de la empresa.

A través de una oferta siempre actualizada en cuanto a tendencias y a la búsqueda continua de la alta calidad, queremos ofrecer la experiencia de vivir bien en el mejor lugar del mundo, tu hogar, sin ningún compromiso.

# USO E MANUTENZIONE

USE AND MAINTENANCE / UTILISATION ET ENTRETIEN / USO Y MANTENIMIENTO

## TESSUTI

FABRICS / TEXTILES / TEJIDOS

**L'esposizione continuata al sole, agli animali domestici o ad ambienti eccessivamente umidi e non correttamente areati può causare il deperimento delle finiture, delle imbottiture e di altre componenti. Per la pulizia si consiglia di usare un panno morbido pulito e inumidito con sola acqua (o al massimo con sapone neutro) facendo attenzione che esso non sia intriso di detersivi o alcool che potrebbero causare un danneggiamento alla finitura.**

Continued exposure to the sun, pets or excessively humid and improperly ventilated environments can cause deterioration of finishes, padding and other components. For cleaning it is recommended to use a soft clean cloth moistened with water only (or at most with neutral soap) making sure that it is not soaked in detergents or alcohol which could damage the finish.

Une exposition continue au soleil, aux animaux domestiques ou à des environnements excessivement humides et mal ventilés peut entraîner une détérioration des finitions, du rembourrage et d'autres composants. Pour le nettoyage, il est recommandé d'utiliser un chiffon doux et propre imbibé d'eau uniquement (ou au maximum de savon neutre) en veillant à ce qu'il ne soit pas imbibé de détergents ou d'alcool qui pourraient endommager la finition.

La exposición continua al sol, las mascotas o los ambientes excesivamente húmedos y mal ventilados pueden provocar el deterioro de los acabados, el acolchado y otros componentes. Para la limpieza se recomienda utilizar un paño limpio y suave humedecido sólo con agua (o como máximo con jabón neutro) asegurándose de que no esté empapado en detergentes o alcohol que puedan dañar el acabado.

## VETRO

GLASS / VERRE / CRISTAL

**Per motivi strutturali è consigliato non sedersi sul piano, non fissare seggiolini, non spostare il tavolo afferrandolo dal piano, non colpire forte il piano con oggetti pesanti o appuntiti (martello, coltello). Eventuali macchie od aloni sui piani in vetro devono essere puliti con detersivi sgrassanti specifici per vetro.**

For structural reasons it is advisable not to sit on the top, not to fix hanging baby seats to the top, not to move the table by grabbing it from the top, not to hit the top bluntly with heavy or sharp objects (for example with a hammer or knife). Any stains or halos on glass tops must be cleaned with degreasing glass-specific detergents.

Pour des raisons structurelles, il est conseillé de ne pas s'asseoir sur le plateau, de ne pas fixer des sièges bébé, de ne pas déplacer la table en la prenant par le plateau, de ne pas frapper brutalement le plateau avec des objets lourds ou pointus (par exemple avec un marteau ou couteau). Les taches ou auréoles sur les plateaux en verre doivent être nettoyées avec des détergents dégraissants spécifiques pour le verre.

Por razones estructurales, se recomienda no sentarse en la encimera, no fijar asientos para bebés, no mover la mesa agarrándola por la encimera, no golpear fuerte la encimera con objetos pesados o puntiagudos (por ejemplo, con un martillo o un cuchillo). Cualquier mancha o halo en las encimeras de cristal debe limpiarse con detersivos desengrasantes específicos para cristal.

**Per motivi strutturali è consigliato non sedersi sul piano, non fissare seggiolini, non spostare il tavolo afferrandolo dal piano, non colpire forte il piano con oggetti pesanti o appuntiti (martello, coltello). Per la pulizia è possibile utilizzare detersivi non abrasivi, facendo attenzione però che la sostanza non finisca su altre componenti del prodotto che potrebbero rovinarsi, come la laccatura delle gambe e del telaio.**

For cleaning, even non-abrasive detergents can be used, making sure that the substance does not end up on other components of the product that could get damaged, such as the lacquering of the legs and the frame.
