dali

Come gli orologi del grande artista Dalì, il vetro in fusione cola sopra steli di legno massiccio con luce led incassata. Nella versione sospesa il tocco in più è dato dal vero cuoio che la sostiene.

Like the watches by the great artist Dalì, the fused glass drips over solid wood stems with a recessed LED light. In the suspended version the extra touch is given by the real leather that supports it.

Fondata da Gianni Tonin più di 40 anni fa, TONN CASA è stata sin dall'inizio esempio di passione, eleganza e ricerca nel settore arredamento.

Nel 1975 la sua attività principale era il commercio di scarpieri e mobili classici, pubblicando il primo catalogo nel 1982.

Il successo e la fiducia dei clienti fecero sì che nei primi anni '90 venisse avviata la produzione di mobili moderni, accompagnati dall'edizione di cataloghi dedicati ed all'espansione dell'area commerciale oltre il Triveneto.

Tonin Casa, da allora, è in costante sviluppo e crescita, impegnata nel commercio a livello mondiale e nell'esportazione dei valori Made in Italy, con prodotti sintesi di bellezza e funzionalità. Segni e tendenze che promuovano la tradizione del Design Italiano nel mondo.
